

# **PQIP Co-Lab: Growing a collaborative QI network**

Matt Oliver

PQIP DrEaMing webinar

5<sup>th</sup> May 2022

## Clinical periop/ PQIP Leads

- Royal National Orthopaedic Hospital
- Royal Free Hospital
- University College London Hospital
  
- The Marsden Hospital

# Aims

- To share good stuff
- Avoid re-inventing the wheel
- QIPs using (routinely collected) PQIP data
- Build capacity

# A problem shared

Not only projects

- Providing periop info to patients – post pandemic
- Periop ward rounds

# Target: DrEaMing - DATA

1. Baseline
2. Routine feedback?
3. Where would compliance data come from?
4. Improving recording

# Target: DrEaMing - IMPROVEMENT

1. Reporting change
2. Start with subgroups
3. Understanding barriers – are they real?
4. Education
5. Reporting benefit

# Share your QI successes And your failures

- @PQIPNews
- @NHSGIRFT
