

PQIP Perioperative Quality Improvement Programme

Perioperative Quality Improvement Programme (PQIP) Collaborative Event 2019

Kings Place, London, Monday 16 September 2019

Event organiser: PQIP Project Team | Registration fee: By invitation only

@PQIPNews

5 CPD Credits

The 2019 PQIP collaborative will take place in the glorious venue of King's Place in central London. The event will bring together collaborators from across the UK, with senior NHS and Royal College leaders to learn from patient quality, experience and outcome data about how we can work together to improve perioperative care.

Highlights include:

- launch of the 2019 PQIP annual report
- panel discussion about how the NHS is working together to improve perioperative care
- specialty-specific discussion sessions
- QI training
- rapid fire updates on best practice in perioperative care

The PQIP collaborative event is kindly sponsored by the British Journal of Anaesthesia
