REC Ref: 16/LO/1827
Title: Perioperative Quality Improvement Programme: Patient Study
Amendment: SA10

Dear Prof Suneetha Ramani Moonesinghe,

The Joint Research Office (JRO) acknowledges receipt of the above amendment which has now been authorised by UCL Sponsor. Please accept this email & attached sponsor authorised amendment tool as confirmation of sponsor approval.

Please proceed with submission to regulatory review bodies HRA, NHS REC (who issued your original Favourable Opinion letter) and other review bodies in the authorised amendment tool as applicable, for assessment and approval. Please log into the online amendment submission portal, this requires a separate login to your main IRAS account. If you have not used it before you may need to set up a new account. Please follow the on-screen instructions to create an account. If you have any difficulty creating an account, please contact the Technical Helpdesk for support at helpdesk@myresearchproject.org.uk.

After regulatory review approval is provided; please ensure you send this across with the final approved amendment document set to the JRO on the following email address: uclh.randd@nhs.net. **If CTU is involved in the study, then please ensure you send the amendment for their feasibility review.** Once you have done this, please take this as your confirmation of continued Capacity & Capability and you may go ahead and implement the amendment at UCLH only. For all other research sites and studies that involve the UCLH CTU please ensure you send the amendment documents to respected R&D department for their review and acknowledgement so they can then issue continued capacity and capability for the amendment.

You must ensure that you localise all patient facing documentation prior to consenting participants; this will be subject to random audit checks.

Please forward this email and relevant regulatory approvals to all relevant parties involved with this study at UCLH.

Please insert a copy of this email in your site file.'

Kind Regards
Deniz Yildiz

Hi Deniz,

Thank you for your email and my apologies for the delay in response - I had to arrange last-minute annual leave for last week.

To clarify:

- The new site at Salisbury is a research site
- The site agreement (OID) is in the Salisbury sub folder in the zip previously sent
- This site is not being paid

- This site will be undertaking the same activities as current sites, yes.

Please don't hesitate to let me know if you have any other queries or require further clarification on this amendment request.

Kind regards,
Chloe

Subject: Fw: PQIP Substantial Amendment 10.0

Dear Chloe,

Thank you for your amendment submission. As you wish to add sites please kindly clarify below information.

- You have mentioned the addition of sites - are you adding these as PIC sites or research sites?
- If you are adding these sites as PIC sites- will the agreement, be between the site and the PIC or the sponsor and the PIC?
- if you are adding these sites as research sites - please send the site agreement
- Can you confirm are these sites being paid? If yes please also provide the proof of funding for this
- Will these new sites be undertaking the same activities as current sites?

Once I have this I can proceed with my review further thank you! Please also note this review will take a few days as I will need to review with costings and contracts teams.

Thank you

Kind Regards

Deniz Yildiz

Title: Perioperative Quality Improvement Programme: Patient Study

Amendment: SA10.0

Good afternoon,

Please find attached a zip file containing a completed amendment tool along with the accompanying documentation.

Don't hesitate to be in touch with any questions.

With kind regards,
Chloe

Chloe Brown | She/Her | PQIP Research Project Coordinator

Don't forget...

- If you become aware that a PQIP patient has passed away post-discharge, send through their Case ID number so we can cancel the 6 and 12 month questionnaire
- You can create your own site posters that display 10 key metrics by hospital, speciality, and by timeframe. Go to www.pqip.org.uk and login, then click on the report:
- Guidance on exporting and analysing your local data is available on the PQIP website. Go to www.pqip.org.uk and login, then click on 'Data Query' where you will find
- You can now apply for access to anonymised patient or hospital-level data from multiple PQIP hospitals to support secondary research. Please visit the [PQIP website](#)
